

MATERIAL LIST

COURSE:

INTRO TO DIGITAL PHOTOGRAPHY

Please find below the material list for the class. Before purchasing any material we recommend you call reception (unless you have received an email from us) the week prior to the start date to check the class has received enough enrolment and is running.

- Please note students need to bring a D-SLR camera for the course
- Pen and notebook.
- If you have a tripod, please bring it. Don't worry if you don't, it is not essential.
- USB stick (to upload your photos for feedback each week)

About the camera:

A D-SLR camera is a digital camera which allows manual settings. It is not a fully automatic camera. To check if your camera will be suitable for this course, check the setting wheel, it needs to offer a MANUAL setting (M).

Typical D-SLR would look like this:

You can also use a mirror-less digital camera which has a more compact body but still offers the M setting:
