

Whitecliffe

This flyer can't tell you the whole story. It can only hint at how fashion shapes how we live and how we see the world.

Bachelor of Sustainable Fashion Design

Moanna Lametin

Qualification

Level 7 / 360 credits

Duration

3 years

Delivery

On campus

Location

Auckland Central
Wellington

Next intakes

February

FASHION

This flyer can't fully explore the reasons that too often bad fashion is wasteful and thoughtless - it is a single, recyclable page.

It can only tell you that at Whitecliffe you learn to make fashion that has purpose, has meaning and is rooted in ethical practices.

For the rest? You'll have to see for yourself.

You'll have to see for yourself **the studio** where you work with your peers and friends.

Where you work **hands-on—sketching, pattern making, and constructing** - with **sustainability** at the core. Every project is a chance to question how things are made and why, and to sharpen your perspective. You're guided by committed faculty and designers changing the industry for the better, supporting you to create work that matters.

Capsule collections and **statement pieces** become opportunities to refine your vision and challenge convention. Your **portfolio** and **runway collection** doesn't just show skill; they show what you stand for.

Show you.

By graduation you're ready to make a difference—skilled, resourceful, and grounded in knowledge and confidence.

We're one of Aotearoa New Zealand's most recognised and respected art schools. And we're proud of that - and especially proud of what this programme offers.

If you want any more information – please pick up a prospectus or you can book a tour or apply online.

If you have any questions - **give us a call.**

Applications are now open.

Whitecliffe. This flyer is just the start.
