

Certificate in Information Technology Essentials

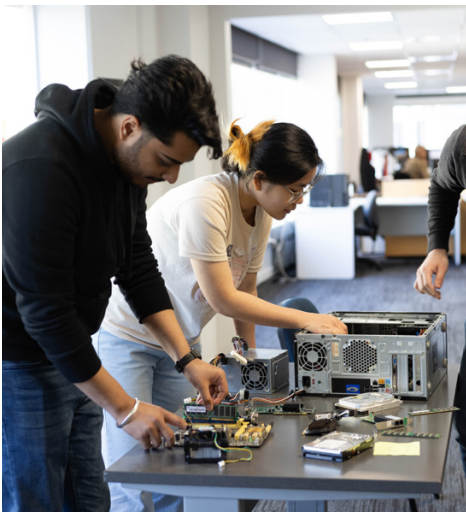

Basically.

We love simplicity.

Especially in IT.

In coding.

*And definitely
in cabling.*

INFO TECH

Qualification

Level 4 / 60 credits

Duration

18 weeks

Delivery

On campus

Location

Auckland Central
Auckland Manukau
Christchurch

Next intakes

February + July

No-one wants tangled code. Messy program lines. Confusing cable runs.

That's not us. It is not what we do.

So if you want to keep that tangled mess out of IT, consider the Certificate in Information Essentials at Whitecliffe.

We'll focus on **theory** and **practice**, from **hardware** to **software**, **UI** to **OS**, and more in between. Keeping things simple. Clear. Understandable.

Be it in **information management**. **Software development**. **Web design**. We'll focus on each—just the right amount to give you a solid foundation for further study or the entry levels of an IT career.

A grounding to see if this is right for you.

And with IT there's also **creativity** and **problem solving**. There's **ethics** and **legal** principles. **Planning** and **managing**. Things that are rewarding and satisfying.

Often wonderfully surprising.

You may be looking to upskill, reskill or have left school recently. Or perhaps returning to education or looking to stand out. We're here for you.

So if you'd like to chat – or to come in for a tour – or even just get more information that's focused on your future in IT please pick up a prospectus or visit our website.

The Certificate in Information Technologies Essentials.

The basics—just done well.

Further study options
